

BAR TUBERCULAR PATIENTS, REPORT

Climate Not Essential to Cure of Disease, Local Clinic Informed

The menace of the indigent minority tubercular patient was the subject that held the attention of the city's welfare and social workers at a meeting last night in the tuberculosis association clinic at Eleventh street and Boulder avenue. The fact that the state board of health in Denver had taken steps to ward persons afflicted with tuberculosis against going to those places where they had money to care for themselves and to pay their return transportation was pointed out, together with the accompanying fact that in many states not even money could buy the sufferers accommodations such as they must have.

But the problem is not California or Colorado's problem, but Oklahoma's, insofar as the matter at hand was concerned, and the tuberculosis association, together with the over-estimated influence of climate in its cure, were the two phases of the question. The tuberculosis association, together with the over-estimated influence of climate in its cure, were the two phases of the question. The tuberculosis association, together with the over-estimated influence of climate in its cure, were the two phases of the question.

The meeting last night was the first to be held since the decision of the welfare workers to abandon their monthly evening conferences at which the problem will be presented and discussed. To next meeting place has not yet been decided upon.

HALT INVESTIGATION

County Attorney Will Take Up Matter of Death of Baby Found Partially Buried in Incinerator

Investigation of the parents of the fully matured boy baby found dead and partially buried in a brick incinerator in the rear of 916 South Boston avenue by E. K. Keady, county attorney, was halted Monday when the county attorney, because of the press of other business, was compelled to postpone any further action until Tuesday. The county attorney, because of the press of other business, was compelled to postpone any further action until Tuesday.

NAME NEW MAYO BUILDING

Will Be Known as Petroleum Building in Honor of Oil Industry

In recognition of the industry that has made Tulsa famous over the entire nation the new ten-story building just being completed at the corner of Fifth and Boulder by Cass and John B. Mayo will be known as the Petroleum building.

Open Local Baseball Season With Parade

More than half a hundred cars will take part in the parade, headed by a band, that will march on Boston, Main and Boulder streets after noon, preceding the opening Western League ball game between Tulsa and St. Joe, Dr. E. C. Hering announced yesterday at the Kiwanis club luncheon. The president of the Kiwanis club, Albert Runt, will pitch the first ball at the game, the club was informed by Bill Friel, business manager of the Tulsa players.

TIMELY BEAUTY HINTS

Beauty women wash their own hair, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and because they are not using anything harmful. They have found that in washing too much it is never wise to use a shampoo, but is always advisable to use a preparation only for shampooing only. Many of our friends say they get the best results from a simple home-made vanilla hair cream. You can use this at once, or about a month later by getting some camellia from your druggist and dissolving a teaspoonful in a cup of hot water. This makes a very good shampoo and will keep all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much better than it is. Its luster and volume will also be high. pos.—Adv.

News of Muskogee

Probing Shooting of Soldier

MUSKOGEE, April 11.—County Attorney Percy Gurnea, aided by the local police, is probing the shooting of a soldier by a civilian. The shooting occurred on the night of the 10th, when a soldier, who was shot by a civilian, was shot by a civilian. The shooting occurred on the night of the 10th, when a soldier, who was shot by a civilian, was shot by a civilian.

War Hero's Body in U. S.

The body of Second Lieutenant Donald E. Burk, Muskogee, who killed in the world war, was in arrived at New York and will be brought here for burial about next Sunday, according to word received today by his father, Carroll A. Burk.

To National Business Meet.

Three Muskogee business men have been invited to attend the annual business meeting of the National Chamber of Commerce at Atlantic City April 27-29. David Pink, president of the State Bankers' association, H. H. Ozden, also bank president, and J. H. McDonald, oil supply man, are the men invited.

Sunday School Survey Taken.

More than 30 business men under the leadership of Prof. Charles B. Smith and County Agent John White yesterday completed a Sunday school survey of the county within ten miles of Muskogee.

More than 500 children in this district have no Sunday schools because of the lack of money for the growing. They found, Sunday schools are held at only ten of the 23 schools in this district. These ten schools have an attendance of 650.

How "Not to Advertise"

"Don't kill your wife—let the Smith washing machine do the dirty work."

"Washes and wrings. They have perfection of make and superior movement."

Welcomed back to Muskogee today, Dr. Stanley L. Krebs told members of the Ad club at the weekly luncheon some of the ways "not to advertise."

Tonight he will give the first of five lectures at the First Presbyterian church on "Advertising and Selling."

He is to speak at the Kiwanis club tomorrow, the Lions club Wednesday and the Rotary club Thursday.

"Avoid superlatives," he advised. "Avoid double-headed (illustrated above.) Avoid contratives. Avoid negatives."

Under the principles of advertising learned while business lectures at John Wanamaker's stores, Dr. Krebs urged merchants to use short, vigorous sentences and simple, graphic description.

U. S. Wins Land Suit With Northern Pacific

WASHINGTON, April 11.—Under a decision today by the United States supreme court, the government won in its suit to cancel land patents issued to the Northern Pacific railway company for land in Gallatin county, Montana.

The government contended that the land filed on had been reserved for the national forest. The land had been taken up in part by homesteaders. The supreme court recommended the suit for a further hearing.

Physiological Action of Principal Ingredients of Celebrated Medicine On the Human System Is Explained.

SUPREMACY CLAIMS WELL SUPPORTED

Many of the Medical Elements Have Been Known and Used Since Civilization First Began.

Tanlac, the celebrated medicine which has been accumulating such marvelous results throughout the country and Canada, is composed of the most beneficial roots and herbs known to science. The formula is purely ethical and complex, and all National and State Pure Food and Drug Laws. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association, as in the Tanlac formula, humanity had not realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic discovered." In referring to others of the general tonic drugs contained in Tanlac, the 13th edition of Potter's Therapeutics, a standard medical text book, states that "Their impart general tonic and invigorating effect on the system, including all organs and tissues."

This same well-known authority, in describing the physiological action of still another of the ingredients

BRADY TRIAL TODAY

Police "Stool Pigeon" Accused by County Officers of Acting as Fence for Auto Thieves

There will be a joint meeting of the local camp Confederate Veterans and United Daughters of the Confederacy held with Dr. W. M. Wilson at his apartment, No. 4 Wilson apartments, 420 West Third street, Wednesday afternoon at 4:30 o'clock for the purpose of naming dates for the state reunion of all these bodies in Tulsa this spring.

YOUNG MEN INTO MINISTRY

Three young men from Great Memorial church of this city, John Young, Silas Lang and Joe Handy, will ask to be licensed for preaching at the Tulsa district conference to be held in Miami April 14 and 15. Methodist churches of Tulsa are furnishing an unusually large number of young men for the ministry. Four boys preachers who are products of the local churches now being engaged in preaching while attending the University of Tulsa, Tulsa, are a product of the Tulsa district conference.

SAY SCHOOLS SHOULD PAY

City Water Board Recommends Change in Established Policy

That all of the schools of Tulsa ought to pay for the water used was the subject of a discussion expressed by the members of the municipal water board yesterday afternoon, when they went on record as favoring the payment of at least 10 cents per 1,000 gallons for water used in the schools. Some have paid a little, others have paid nothing, and in order to put the department upon a self-sustaining basis it is necessary, it was pointed out, that the free list be materially shortened.

No action was taken on the matter of employing an engineer for the Spavinaw water project pending the bonds election the 26th of this month. The consideration of the application for the bonds will be delayed until after the bonds have been voted upon.

Dr. Gordon Is in New Home.

Dr. R. H. Gordon, who has been connected with Kendall college, now the University of Tulsa, since it was established in Tulsa, and Mrs. Gordon have now taken possession of their new home near the university campus and next door to the president's house, at 705 South College.

Doctor Gordon was formerly president of Kendall college and is now president emeritus. He has recently retired from active pastoral duties for the Sand Springs Community church.

Hold Baptismal Services.

Four infants were "dedicated" as the service of the Salvation army corresponding to baptismal services of other churches is termed, at the local citadel Sunday evening. Several "new soldiers" were enrolled in the army roll and junior soldiers who had reached the age of 15 transferred to senior membership.

ADL H. R. Rohb, divisional young people's secretary, with headquarters at Dallas, spoke.

Little Children Brighten Homes

EVERY young couple starting out in life has visions of joyful hours spent before the fireside with healthy, happy children; but, alas, how often young women who long for children are denied that happiness because of some functional derangement which may be corrected by proper treatment. Lydia E. Pinkham's Vegetable Compound is just the medicine for these conditions, as the following letters show:

McDonald, Ohio.—"I suffered from a displacement, a weakness, and a great deal of pain. The doctor said nothing would help me but an operation. He said I could never have any children because I was too weak. I had often heard of Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me. Now I am in the best of health, do all of my own work, and have a lovely boy six months old. I recommend your medicine to my friends and you have my permission to use this letter."—Mrs. J. C. EAGLESON, 426 Garfield Ave., McDonald, Ohio.

Mesa, Colorado.—"Ever since I was a young girl I suffered from a great deal of pain every month. I tried different medicines, but only got relief for a short time. I had been married seven years, and wanted a child, but was not well enough. My mother advised me to try Lydia E. Pinkham's Vegetable Compound as it had helped her, and I am happy to say it restored my health, my pains disappeared, and I have a fine little girl. I advise all women who suffer as I did to try Lydia E. Pinkham's Vegetable Compound."—Mrs. F. C. WILDER, Box 94, Mesa, Colorado.

Many such letters prove the reliability of

Lydia E. Pinkham's Vegetable Compound

Life-Saving Stations for batteries of all makes
Get that examination NOW!

THAT is precisely the function of the Prest-O-Lite Service Station—to make your present battery last until it hasn't a leg to stand on; until it gasps and gives up the ghost.

And you won't be told that you need a new battery until all hope for the old one is gone. That's the Prest-O-Lite code of ethics on which the tremendous Prest-O-Lite business was built, and on which it will be maintained. Go, therefore, with confidence that the Prest-O-Lite Service Man will give you his expert and honest opinion. If your battery is strong and healthy, he won't recommend medicine. Prest-O-Lite struck the "vice" out of "advice."

When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery.

Get that examination now. The motoring season beckons you and a sound, strong battery.
